

HOW TO MAKE FABRIC

PUMPKINS

Materials

Step one

Cut up an old t-shirt

Step Two

Cut your sock just above the heel

Step Three

**Stuff your sock with the fabric scraps
from your old t-shirt**

Step Four

**Tie off the sock with the elastic.
Get your twine, tie a knot around the neck
and start wrapping upwards.**

Step Five

Wrap back down to the base, shaping as you go. Wrap the string in opposite directions around the ball of the sock to create the pumpkin shape.

Step six

Snip the excess and glue the string to the base of the stem.

Squish about the fabric until you are happy with the shape.

Step Seven

Make more and in all different colours.
